NOT ALL HEATING OIL IS THE SAME.

WHAT MAKES COMFORTGUARD™ DIFFERENT

Advanced Additive in Every Drop:
Cleans and protects your entire system from corrosion.

Prevents Gelling
Laboratory tested to prevent frozen oil lines down to -27F.

Reduces Sediment and Moisture:
Improves efficiency and burns cleaner for lower emissions.

Prevents Buildup on Filters and Parts
Creates better flow through nozzles and filter reducing service calls.

Best of all, it's included in every drop we delivery, at no extra cost!

As a homeowner, you deserve comfort that's reliable, cleaner, and worry-free.
